aged 78, died on Friday. The remains  
were buried yesterday in Dunsmuir's burying  
ground. She was a native of Scotland and  
with a wife sister was nearly three years of  
age.Clark Taylor and John Thompson, for  
fighting on South Front st. yesterday, were  
respectively fined one and two dollars at the  
police court to-day. Michael Gibson,  
for assaulting Barry McIntire, was fined  
five dollars.The Committee were busy to-day in arranging  
the horticultural display in the drill  
shed, which will be opened to the public to-  
morrow, remaining open during the week.  
The display has been very attractively ar-  
ranged and promises to be seen by a large  
number of citizens.There can be no health for either mind or  
body so long as the blood is vitiated.  
Cleanse the vital currents with the  
use of Ayer's Sarsaparilla. This  
medicament cures the wasted energies,  
strengthens the nerves, and restores health  
to the debilitated system.About five o'clock this morning fire broke  
out in Mrs. Jane Butler's house, on Wharf  
street, destroying the rear part of the  
premises. The fire, the origin of which is  
unknown, started in the summer kitchen.  
The loss by fire and water was about \$120,  
which is covered with insurance.Jos. J. Ward, Comptroller, was reported by  
the press of the nation as having died  
suddenly. He is happy to be able to  
assert the public that though he was very ill,  
he is now convalescing, and that he is  
with considerable pleasure the kindly ob-  
literation notes in the various papers.Strange rumors are afloat in Campbellville  
to the effect, that the proprietors of a  
manufacturing establishment in that village  
have received a warning that the town is to  
be applied to their respective buildings.  
As a preventive measure the force of watch-  
men on the Trent Valley mill, has been  
largely increased.The Shannonville fair on Saturday was  
largely attended, a number of citizens driv-  
ing down from the city. The day was an  
ideal one for a fair, the display of  
goods and vegetables was excellent, while  
fruit was shown in the abundance. The  
fair was undoubtedly the most successful in the  
history of the society.A convention of R. T. T. will meet in  
Toronto on the 10th and 11th inst. and the  
preparatory steps will be taken as to the  
action of all temperance and church soci-  
eties at the coming prohibition vote, which  
is to be polled about the 1st of January,  
which will probably be the time when the  
drift traffic will be continued throughout  
the province.The following appointments have been  
made in connection with the Ontario Agri-  
cultural College at Guelph:—Mr. William  
Reid, Marketing, farm superintendent;  
G. E. Day, Grappling, lecturer on agriculture;  
B. L. Hunt, South End, Welland county,  
lecturer on horticulture; and Mr. J. H.  
Reynolds, B. A. Oshawa, senior resident  
manager. Dates will commence October 1st.It is just as well to know that if a person  
refuses to answer the question put to him  
by an assessor in the discharge of his duty,  
he is subject to a fine of \$20. This is a  
provision of the Assessment Act. In the  
case of Mr. Allen, had a witness,  
Alfred Pilkey, had a witness for refusing to  
answer the question put to him by an  
assessor. The Magistrate gave Albert two  
days to make up his mind to divulge his  
income, failing which he will pay \$20.

## INFRACTIONS OF THE LIQUOR ACT.

Liquor Dealers and Druggists Appear in  
the Police Court.For several weeks past young men  
who gave their names as Richard White  
and James Caddick, have been quietly  
looking up infractions of the liquor act in  
West Hastings, with the result is that nearly  
every liquor dealer and druggist in the  
district have been summoned. In the  
Frankford case which came up at Trenton  
on Saturday before Magistrate Gordon  
and Auld's judgment was reserved until  
to-morrow when the Trenton case will also  
be taken up. Mr. C. D. Macaulay re-  
presented the crown, while R. C. Oline,  
O.C. defended the accused.Information was given to-day laid against L.  
Y. Yemans, druggist, on four charges of  
infraction of the liquor act. F. C. Clarke,

charges. The following wholesale dealers  
have been summoned on two charges  
each: Walbridge & Clark, W. Ballen and Leav-

court on Wednesday.

## SHE LEFT \$800,000.

Mr. Foley Remembered the Widow  
and Orphan of Peterborough.  
Mrs. Almira Gordon Foley, widow of an  
old-time Peterborough merchant, the late  
James Foley, she died on Saturday in  
Toronto. Mrs. Foley had only one child,  
a son, who died some time ago, and she  
had no children. Her personal property,  
valued at \$800,000, the left in the shape of  
annuities to \$100,000 to 21 different per-  
sons who they lived. At their decease  
the estate was to go to the benefit of all  
deaf, dumb and orphan who have been  
born in the county of Peterborough.Mr. John has died decided to attack  
the will. They are scattered widely, but  
would all share in the estate if the will  
is set aside. J. E. Reid applied in Chancery  
to have two of the next of kin appointed as  
plaintiffs to represent themselves and all  
the other claimants.

## INSURED IN TORONTO.

Mr. Charles J. Howell May Live Left Port  
Charles J. Howell, the youngest son of  
Hon. Mackenzie Howell, Minister of Trade  
and Commerce, met with a serious accident  
on Saturday night in Toronto, which may  
possibly cripple him for life. He was at-  
tacked by a horse and fell from a horse-  
carriage at the corner of Yonge street, when  
he fell, his feet coming under the revolving  
wheel. He sustained a compound fracture of  
the left ankle and a fracture of the right  
tibia, besides several very bad cuts and  
contusions. He was taken to the General  
Hospital in the police ambulance, where his  
injuries were dressed, but it is doubtful  
whether he will not have to lose the left  
foot. Mr. Howell is employed in the To-  
ronto Custom House.

was the daughter of the late Mr. Haszard,  
and her many friends will wish for her and  
her groom a long life of happiness. They  
look the air North King midnight.

yesterday.Lillian M., youngest daughter of Almon  
Reynolds, died last week, at the resi-  
dence of the late Mr. Reynolds. Rev. W. A.  
Phillips, D.D., 133 Western avenue,  
Chicago, who officiated, assisted by Rev.  
J. C. Yorker.

## Hard on the Fairs.

The small fairs seem to be doomed. The  
Great Western fair of London was at the  
time of the late Mr. Reynolds. The  
Hamilton fair, and our own little Lincoln  
fair had some big pumpkins in it. But the  
Hamilton exhibition, the "Great London show" was a failure  
this year with a large deficit, and our own  
little fair showed a natural death.  
It is time these advertising humbugs were  
done away with. There are newspapers  
enough in the country to meet the wants  
of those who have goods to sell.—St.  
Catharines Star.

## Heavy Ulsters for \$5.

Show us the business house that sells  
cheap, and we will show you the establish-  
ment that does the business. The fact is  
that the heavy ulster has been put upon the  
market a heavy double-breasted driving  
ulster, with a large collar and large  
lining. We want every man who has an  
eye to economy and comfort, to see this coat.

## TO THE HEAP!

And we mean to stay there. We've got the goods and we make the prices. Two years ago in  
opening our store in Belleville, we promised the people a great revolution in the price of clothing, and that this promise has been fulfilled  
we think you will agree with us in saying that, as we put down the price and are determined to keep it down, it is one reason why the  
public should patronize us. But, apart from this there are still greater reasons why you should buy your clothing from us, and the great-  
est and most paramount one is because we have YOUR MONEY. Even our competitors acknowledge that we regulate the prices,  
and they would give much to have us out of Belleville, but we came to stay, and just as long as the public give us their trade and liberal  
patronage we mean to stay. Naturally you will ask how can we sell cheaper than other houses? I answer by, because we are the  
largest spot cash buyers in Canada, and consequently the cheapest buyers. Then again, being the largest buyers (and this answer can be  
proven), we must naturally be the largest sellers, and it requires no mathematical calculation to know that a live firm makes infinitely  
more money by turning a ten cent piece over ten times than a slow merchant makes by turning a quarter dollar over twice, therefore if  
you have to buy large buyers, but in a position to better large buyers, but in a position to better large buyers, but in a position to better large buyers,  
other dealers have been compelled to lower their prices in order to do as business as all. This Fall we will surpass all previous efforts  
to place before our customers such an enormous stock at such marvellously low prices. We have bought the entire stock of probably  
the wealthiest and largest wholesale manufacturer in Canada at 75 cents on wholesale cost, hence we are in a position to discount the price  
of any dealer because we bought our goods at 40% less than cost to produce them, and this justifies us in making the bold assertion that  
our prices will not nor cannot be touched.

## THE INTELLIGENCER'S SUPPLEMENT.

Our Contemporary Indulge in Kind.

In connection with the big Conservative demonstration in Belleville last week, the Intelligencer has published a special supplement that reflects on that establishment the highest credit. Simultaneously with the regular edition of Friday morning, a full report of the speaker, was issued a handsome 4-page supplement, containing excellent portraits of all the speakers of the Dominion Cabinet, as well as of the Parliamentary representatives of the various Conservative divisions of Hastings and adjoining counties, with biographical sketches of each. The portraits were thirty-one in number, and included splendid pictures of A. W. Carson, M.P. of Montreal, A. F. Wood, M.P. of Madoc, and P. O'Connor, of Deseronto, President of the Conservative Association of North Hastings.—Madoc Review.

On Friday last the Belleville Intelligencer published an extraordinary issue, the special edition containing a large portrait of Sir John Thompson, the Premier, as well as smaller ones of other members of the M.P.s, and other distinguished political gentlemen of the Bay district—twenty-four in all. This illustrated sheet contains a short sketch of each, and was issued in honor of the demonstration which was held in that city on Friday last. It is a very creditable effort on the part of the Intelligencer Printing Co.—Campbellford Herald.

The Belleville Intelligencer, of Friday last issued a double number, containing a full and exhaustive report of the demonstration in that city on Thursday, 2nd inst., together with the portraits of all the Ontario Ministers who were present, as well as a number of the leading members of the party, residents of the various Liberal-Conservative Associations of the Bay of Quinte district. The portraits of A. O. Miller, M.P. of Kingston, J. A. Thompson, M.P. of the Prince Edward County Liberal-Conservative Association, and Geo. O. Aitken, M.P. of Deseronto, were particularly prominent in the paper. The enterprise is certainly creditable, and the paper will be fully appreciated by the public of the Bay county.—Pictou Gazette.

**THE FOUR CARDINAL POINTS.**

The four cardinal points of the compass are North, South, East and West. In the same way, the four cardinal points of the human body are the head, the heart, the liver and the kidneys.

These four points are the foundation of the human body, and if they are not in good health, the body will be in poor health.

It is therefore, of the utmost importance, that we should keep these four points in good health, and for this purpose, we should use the best medicine available.

For the health of the liver and kidneys, we should use the best medicine available, and for the health of the head and heart, we should use the best medicine available.

For the health of the liver and kidneys, we should use the best medicine available, and for the health of the head and heart, we should use the best medicine available.

## A FARMER-COLLEGE

Some Interesting Facts Concerned To-day at Ontario Business College.

The record of new students who entered Ontario Business College within the past month is a notable one; not only from the fact that it was larger than in any previous month, but as an account of the distances many of the students travelled to reach the College. They came from Bermuda (W. I. I.), British Columbia, New Brunswick, Nova Scotia, Quebec, New York, Alberta, and Ontario, as far north as Matlaw, and as far west as Waterville.

The publishing department of the College has been equally prosperous. Within the space of a few days, the "Canadian Accountant," and the other text books published by the College, have been added to the following among other institutions: Wellington Business College, Hamilton Business College, Dundas (Ontario) Business College, St. Thomas Business College, Brockville (N. B.) Business College, Acadia College (N. S.), St. John's College, and the Commercial College, Toronto; Yarmouth (Nova Scotia) Business College; and also to the principal wholesale and retail book stores in Toronto, Montreal, New York, Victoria, Vancouver, and other cities.

The tenth edition of "The Canadian Accountant" was put for the printer's hands this week. The new text or to be added will increase it a size to 300 pages, and this edition will contain more than any previous one. It will be completed before the great demand that always comes in January. It would be difficult to find a business community on the continent, or the West Indies, where Ontario Business College, its graduates and its text books are not known. Address Robinson & Johnson, B. J. & Co., and you will receive the new 144 page catalog.

Margaret L. Shepherd lectures to ladies only, Wednesday afternoon at 3 o'clock. Doors open at 2 o'clock.

## THE Y.M.C.A.

A splendid institution for the benefit of young men.

The prospectus just issued by the Young Men's Christian Association conveys an excellent idea, not only of the objects of this worthy institution, but also of the provisions for the accomplishment of the same during the coming fall and winter. The management have spared no pains in providing for the physical, mental, social, and physical needs of the young men of the town. In the physical department a class for young men will be held every week, at which instruction will be given in one of the best systems of physical culture now in vogue. The apparatus used is the most modern, and special attention is given to corrective exercises. The highest and best interests of young men have been carefully studied, and all the plans have been drawn with a view to place within their reach all that is pure and wholesome for body, mind and spirit.

Mr. Shepherd is the most brilliant lecturer that has appeared upon the platform in the defence of Protestant principles.

## A CURIOUS FACT

Men who go to jail are not usually drunkards.

In looking over Quaker Appleby's annual report it was observed by a reporter that out of the number of prisoners who were under his charge this year one hundred were temperate, while only seventy-two were intemperate. The first supposition was that the temperate men were those who had been in the jail for a long time, and that men who find their way into such institutions would likely be intemperate.

Sober Appleby states that the contrary is actually the case. The majority of criminals who go to jail, he says, are temperate. They are usually busy men, and men who follow such vocations require nerve and coolness. The men who do not follow such lines are not drinkards.

Mr. Shepherd was an inmate of Anson Court Court, Bristol, England, for three years. He has told his experience at the Opera House, October 10th and 11th.

## Maloney Known Here.

Edward J. Maloney, a Canadian in Kingston for plotting a revolver at a man in the St. Lawrence Hotel and threatening to kill him, was arrested here about three years ago by Officer Morton, for creating a disturbance on Front Street. He gave the officers a good deal of trouble, and was sent to the Central Prison for several months.

Maloney was arraigned in the Kingston police court, and remained until today. After the police court, Edward J. Maloney was taken to the Central Prison, where he was placed in the same cell. Ascroft told Maloney that he saw him in the Penitentiary. Maloney became angry and struck Ascroft with his fist, and the men had to be separated.

Do not fail to hear Margaret L. Shepherd on Oct. 10th and 11th.

## Equipped Service.

The tourist car service now of the Canadian Pacific Railway is thoroughly equipped. It leaves Toronto every Friday evening at 10:15 p.m., and runs through without change. These cars are for the use of second class passengers and are nicely fitted up with every modern convenience and accompanied by a competent porter who attends to the comfort of the passengers generally. S. Barrow, agent.

Come and hear the great and romantic lecturer at the Opera House, Tuesday and Wednesday, Oct. 10th and 11th.

## The Horticultural Exhibit.

In our report of the above, we mentioned to mention the exhibit of Mr. S. J. Weidner, of the city, who has a large number of plants, but did not enter them for competition. He also had a very handsome show of cut flowers, which being so large, added to the success of the show.

## Don't Forget

It has been used for years and is now a household name. It is a sure and quick way to get rid of corns, warts, bunions, and all other ailments of the feet.

## White Shirts 50 Cents.

These men who are constantly wearing white shirts, who pay \$1.00 and \$2.00 for, should try the Oak Hall Undershirt at 50c. This is a special one and worth a lot more money. Try one and you will want at least one half dozen more.

Mr. Shepherd is greeted with crowded houses wherever she goes. Hear her at the Opera House, Oct. 10th and 11th.

## THE FISHERY ENQUIRY.

DAY FISHERMEN WANT TO FISH AFTER NOV. 10th FOR WHITEFISH.

All of the witnesses agree that the Whitefish

have come into the Bay to feed and

spawn, between Nov. 10 and 15, and

then depart for the Lake.

The Fishery Commission conducted their

enquiry in the City Court chamber yester-

day afternoon, Mr. Wm. Peck, in giv-

ing his evidence, said that he had fished

Niger Island for the last two years, dur-

ing which period he had caught princi-

pally white fish, herring, pickerel,

using a seine with 12 ft. mesh in the

wing, with 5 inch extension, and oc-

casional gill net. He stated that white-

fish were the most valuable catches

caught in these waters. He had caught as

many as 8000 in one hour in former years,

but he could not catch enough to make it

pay now. The weight was 2 lbs., he never

having seen any smaller whitefish in the bay.

From the 1st to the 10th of November, he

was fishing; he caught them in the bay

for the purpose of spawning. He stated

that the fish were on their backs at

the whitefish, although they did not arrive

early. He sold them to Mr. Black for

from \$2.50 to \$5 per 1000, and he

got from \$5 to \$7 for whitefish (nagar

cure). His share of the fish caught last

year on his grounds, which included half

of the total haul, the other half going to

his employees, amounted from 40 to 50 packages

of white fish, although they caught a great

many suckers after the white fish had left

the bay, which are worth about 10¢ per lb.

He stated that the fish were in the bay

from the 1st to the 10th of November, claim-

ing that the fish were on their backs at

that time and that some of the spawning took

place during that period and after they were

in deeper water before and after that time.

On the question of observance of the

Sunday law prohibiting fishing on that day,

that the law was well carried out, in this

section at least.

Peter Weiss, of Rosemont, who fishes

on Zwick's Island, used a seine with 12

ft. mesh, catching principally white fish,

herring and pickerel. He stated that he

caught white fish and herring in 1900

and white fish and herring in 1901, and

that the fish were on their backs at

that time and that some of the spawning took

place during that period and after they were

in deeper water before and after that time.

On the question of observance of the

Sunday law prohibiting fishing on that day,

that the law was well carried out, in this

section at least.

Peter Weiss, of Rosemont, who fishes

on Zwick's Island, used a seine with 12

ft. mesh, catching principally white fish,

herring and pickerel. He stated that he

caught white fish and herring in 1900

about the first of July for that purpose, and

leaving shortly after the 15th, when the

herring began to spawn. He was in favor of

allowing the fish to spawn, but thought it should

only be from the first to the tenth of Nov-

ember for white fish and no close season for

herring.

Geo. Macdonald was then called. He

stated that he had fished in the bay since

the 10th of November, as white fish

had come spawning by the end of that time.

The witness said that in his opinion there

were as many white fish in the bay last

year as there were 40 years ago. He said

that 40 years ago when there was no close

season they were scarce, but now they were

plentiful, thus showing that the close sea-

son had been beneficial.

Samuel Geddes, of Tyndalburg, who had

fished at different points on the Bay for

about 30 years past, taking herring and

whitefish, stated that he had never seen

small whitefish in the bay, the average size

being about 10 lbs., while herring caught

from three fourths of a pound to 10 pounds

in weight. He sold principally in the Amer-

ican market, getting 5¢ per lb. for white

fish, and about 50¢, or 100 for herring; he

had never caught white fish with spines in

them after the 10th Nov. They stayed but

a short time after that date. He thought

that as many fish could be caught now as

in former years, if they were allowed to fish,

although there were twice as many fishmen

now as then. He, however, was in fa-

vor of a close season to protect the fish

while spawning, but thought that the pres-

ent season was too long.

H. B. Brinkman, who has only fished since

1880, stated that the total haul of

whitefish was 400; in 1882 he caught but

50, and in 1887 he caught 2000; and they

estimated more plentiful now than then, which

increase he attributed to the supply being

replenished. He agreed with the others as

to the time of spawning, and agreed that

there ought to be a close season during this

period.

David Gerow, of Prince Edward, had

fished for about 40 years at Massena; he

caught all kinds of fish, but the most valuable

of which were whitefish, for which he could

get about 5¢. per lb. They were sold from

the Chicago River and then at once

shipped them to American markets. White-

fish spawn from the 1st to the 10th of Nov.

## PETERBOROUGH ANZIE.

The Action Against Murphy, Gordon & Co. Dismissed With Costs.

PAULKNER VS. MURPHY, GORDON & CO. This was an action brought by Sylvester G. Paulkner, General Agent of the North American Assurance Co., against Murphy, Gordon & Co., private bankers, of Toronto, to compel them to carry out an agreement to purchase a house in Toronto. The house was formerly occupied by the plaintiff and which he had agreed to purchase from his brother and for which he had paid but not obtained the deed. After the agreement was entered into the defendants purchased the property at a sale made by the assignee of the former owner. The plaintiff obtained a conveyance of the house from the former owner and tendered a conveyance to the defendants, demanding the balance of his purchase money, he alleging that he had been induced to say away from the sale at the defendant's house so that they might get the property as low as possible. On this point the judge held that the plaintiff had not succeeded and also that the defendant had acquired the title without the plaintiff's assistance he could not compel the enforcement of the agreement. The plaintiff's claim was for \$600. Action was dismissed with costs. *McManis, of Belleville, and D. E. K. Stewart, Q.C., for defendant; A. P. Poussette, Q.C., for plaintiff.*

## BREACH OF PROMISE.

A PETERBOROUGH DAMEL, GETS \$500 AS BAIL FOR HER WOUNDED FEELINGS.

It is the Defendant Had Wings he would land somewhere North of the border.

The Peterborough Examiner gives the following particulars of the breach of promise suit brought at the assizes there by Miss Minnie Armstrong against

Byron & Kansas City, formerly of Peterborough, claiming \$500 as damages for her wounded feelings.

The fair girl is said to be 25 years of age. She testified that she was engaged to Thomas Ryan, on Oct. 3, 1886, when he gave her an engagement ring.

Witness identified letters produced as those written and sent to her by defendant. Mr. Ryan, counsel for the plaintiff, read the letters, which were first loving in their tone, but grew more cold and formal as time passed.

The first letter contained a paragraph in which Ryan asked Miss Armstrong to name the day.

The second letter betrayed the mockery of the first. Ryan, on Oct. 3, 1886, when he gave her an engagement ring.

The second letter betrayed the mockery of the first. Ryan, on Oct. 3, 1886, when he gave her an engagement ring.

Witness identified letters produced as those written and sent to her by defendant. Mr. Ryan, counsel for the plaintiff, read the letters, which were first loving in their tone, but grew more cold and formal as time passed.

EDITORIAL REVIEWS.

The Gladstone has almost a monopoly of little wars. That now on hand in Africa threatens a good deal of trouble in the political horizon.

The United States is a great country, but Canada is a great country, as its products, judged by American judges in competition with those of the United States, demonstrate. Beaten by the United States, our fish, fruit, grain, several varieties of live stock, &c., the people of the neighboring country will be brought to realize that the Dominion is "some pumpkin," and many of them will seek home within our borders.

Those who are within the inner circle say that the Mexican Government looks upon the prohibition placards as a very troublesome question. The only solution of the difficulty that will ensure peace to them is one that results in an adverse vote for prohibition. In such a contingency, the Government will be called upon to do nothing, and will be obliged to make no more than what the crafty ministers wish with all their might. Consequently there is every reason to accept as true the statement that is being circulated to the effect that the Liberals desire to see that the placards do not adversely for prohibition, and that they will, on the quiet, work assiduously to bring about.

As to the planting of black walnuts, Hon. H. G. Joly writes to the Montreal Witness that they must be sown this fall as soon as received, in moist, well-drained ground, in straight rows, two inches deep, leaving eighteen inches between each row and mark them carefully with pickets at each end, so as to know where to look for the young trees when they are ready for planting. They will begin to come up about the middle of June next summer, but as a notable proportion will only come up the second summer, care must be taken not to disturb and upset the seed bed.

When a doctor considers it necessary to prescribe arsenic, he simply orders a bottle of Ayer's Sarsaparilla, and he will obtain thereby a safer and purer preparation than any other which the drug store can furnish. Ayer's Sarsaparilla is the Superior Medicine.

The Export of Eggs. A good demand exists for fresh eggs on English soil, and sales have recently been made at 7 1/2 to 8 1/2 for 10 dozen, one extra fine lot of 50 cases of selected heavy eggs being sold at 9 1/2. It is believed it will not be repeated. Considerable quantities of plums are being shipped to Montreal and Glasgow, but these are in great quantities, and are being shipped in such fine condition that it is impossible to tell them from fresh eggs.

### THIS BURGLES SHOT DEAD.

ATTEMPTING TO ROB THE PORT DUBOIS CANAL OFFICE.

An Early Sunday Morning Tragedy—The Companioness of the Bell, Mrs. M. J. Clark, was shot dead by a burglar who attempted to rob the Port Dubois Canal Office.

PORT DUBOIS, Oct. 22.—About 1:15 o'clock Sunday morning, a burglar entered the canal toll house, which was then in the office, jumped up at his coach, where he had been hiding, and fired a shot which struck Mrs. Clark through the breast, and she died almost instantly. The burglar made no reply, and Clark shot at him the next morning.

The burglar dropped backward to the ground, and yelled in his pain, "Jack, Jack, I'm shot." Mrs. Clark then rushed to the door and entered the wall about six inches from the head. Mrs. Clark then rushed to the door and entered the wall about six inches from the head.

Mr. Clark and the lock man followed them as far as the railroad bridge, where they took track of them, and only having one revolver in the party, and Mr. Clark with nothing but a light shot of underclothes, they returned to the toll house.

The police station at St. Catharines was notified immediately and the chief frontier points as soon as possible. No further trace of the burglar was found until 2 o'clock in the afternoon, when he was seen at the toll house.

On examination a bullet wound was found in the man's right arm, and it was supposed to be the man shot by Mr. Clark. A number of rings and other jewelry were found in the pockets of the dead man's clothes. A heavy brown fur overcoat with a collar of black and red velvet was found in the room of a mile from the scene of the crime.

A railroad ticket from Toronto to Hamilton and a small bag of clothes were also found on the dead man. The proprietor of the Russell House, St. Catharines, was sent for and identified the body as that of the burglar who had been shot dead by Mr. Clark.

The body was taken to the morgue, and the police are now searching for the burglar. It is supposed that the burglar did not intend to kill Mrs. Clark, but that he was frightened by her resistance.

A Toronto detective will likely leave for Port Dubois today.

### AN ENGLISH QUACK EXPOSED.

The Pall Mall Gazette Cautions a Romanist.

LONDON, Oct. 22.—The sensation of the week is the slandering attack by The Pall Mall Gazette on the proprietor of the Electrostatic Belt, which is advertised by wholesale as a universal curative agent. The belt has been repeatedly denounced by technical papers and experts as absolutely worthless.

The Pall Mall Gazette is a series of articles in which the manager and editor of the Electrostatic Belt, who is a quack, is exposed. The articles are written in a very clever and witty manner, and are sure to be read with interest by all who are interested in the subject.

# THE CHAMPION RANGE.

Good dollars at ninety cents would certainly be cheap, but it is questionable whether they would be any better value than the "Champion" Range at the price we are now selling them.

We are still pushing our "Radiant Home" heaters, which we guarantee to work in every case.

FIGHTING IN UGANDA.

Madagascar Captured a British Officer  
There on a Mission

LONDON, Oct. 24.—A letter from Uganda,  
written by a missionary named Miller and  
dated Kampala, June 16, gives details of  
fighting between the Protestants and  
Mahomedans.

He says that after the departure of Sir  
General Portal the Mahomedans expected  
that Sir B. was with him as commander of the  
Soudanese and English forces, would  
march and attack them. Miller was free  
traded, however, by dismissing the  
Soudanese.

The Mahomedans were defeated by the  
Ugandans, hundreds of them being killed.  
Sir B. was continued to be dismissed,  
and has since died.

Captain Macdonald ordered all the Ma-  
homedans to return to their own country  
or to be shot. It was reported that Major  
died of the British force had been captured  
by the Mahomedans, and will be killed if  
Capt. Macdonald insisted upon executing  
his threat.

Miller never received what Capt.  
Macdonald adhered to his threat and said  
Major Owen would be killed would be  
executed.

into the harbor of Melilla and fired at  
the beach. The morning yesterday, the  
Spanish fleet was in the harbor, and  
managed to remove other vessels to places

THE PARALLELISM SECURE.

REDDING MARKS FORMAL DE-  
CLARATION OF THE LIBERAL

Colony Parliament considers the Elected  
Members' Declaration and Resolutions  
Home Rule is a Foreword of the  
House of Commons will be given.

LONDON, Oct. 24.—John Redmond, M.P.  
for Waterford, in a speech at Cork last  
evening, said that the National party was  
divided into two sections, each of which  
had other, worse than they did the  
members of the Parliament.

Notwithstanding the promises made by  
the Liberal party at elections the Irish  
Home Rule, after years of Liberal rule,  
the doors were finally locked again political  
prisoners. Not only this, but the question  
of Home Rule was shifted and shelved,  
and the matter of Home Rule indefinitely  
postponed.

The votes of the Independent party,  
counting 18, on a division could not be  
counted by the Liberal majority of only  
38, and Mr. Redmond said he would now  
form a new party to the Liberal party, but  
they could no longer count on the Parliamen-  
tary members as part of their majority unless  
they could get the Liberal party to accept  
the Liberal party.

Oct. 23.—Deer shooting excitement fills the air just now in Stirling. The village is almost deserted by the numerous sportsmen, all eager for the exciting sound of the horns in the chase. Some of our people have just returned from the World's Fair. All our best fair stories, some got lost on their way home, a few hundred miles out of their way, and carried no corks or either. **THE FALL** is slowly but surely taking precedence over the spring as a house cleaning season, particularly in the Wall Paper line. The old way of putting in the spring and in the spring only is fast becoming a thing of the past.

People recognize the fact that by putting in the fall the home offers greater attractions during the winter days and nights—than when Christmas comes and the holiday season is at hand, your cozy, cheerful rooms help you to welcome the loved ones who have returned for a visit to the old home.

Then, again, instead of having a regularly busy, happy, busy time of things all crowded into the annual house-cleaning of spring time, why not divide your work up and give to the fall season the same amount of work which you have hitherto allowed to worry you during April, May or June.

In order to induce you to make a change and paper NOW we will give you a genuine discount of 10 per cent. off all Wall Paper purchases for the next 30 days.

**MR. MCARTHY ON THE SULLIVAN**

At Liswell, the other day, Mr. McCarthy spoke strongly against the possession of a surplis by the Dominion Government, remarks the London Free Press. He said it was wrong to collect money from the people that was really required to carry on the Government, and he asked if the town councilors of Liswell would regard a surplis in their treasury as a source of pride.

Which goes to show that Mr. McCarthy is in a serious mood regarding public finances. A surplis is regarded as so necessary an element of credit that the Mowat Government have never ceased to boast of their having \$6,000,000 at rest, although it is the generally received opinion that they have not \$1,000,000. They think that it is likely to be regarded as a proof of economy and an evidence that they have not yielded to the temptation to spend money, and that should be regarded as a source of pride.

Mr. McCarthy said that the surplis is a source of pride, and that it is a source of pride. He said that the surplis is a source of pride, and that it is a source of pride.

**STIRLING**

Oct. 23.—Deer shooting excitement fills the air just now in Stirling. The village is almost deserted by the numerous sportsmen, all eager for the exciting sound of the horns in the chase. Some of our people have just returned from the World's Fair. All our best fair stories, some got lost on their way home, a few hundred miles out of their way, and carried no corks or either. Fishing is excellent in the River Forth. There is a large number of anglers, and a few have been successful.

**JAMES VANDERVOORT WAS POISONED**

And Robbed of \$600—\$1,000 Offered for the Conviction of the Guilty Party.

Mr. J. W. Vandervoort, of Toronto, who was recently in Stirling, has been poisoned. He was found dead in his room, and his death was attributed to the use of a certain medicine. A reward of \$1,000 is offered for the conviction of the guilty party.

**THE CHAMPION RANGE.**

New Before the Supreme Court—\$200,000.

OTTAWA, Oct. 24.—The Purcell will case, which involves about \$200,000 in the Supreme Court of Ontario, was up before the Court yesterday. It is an appeal from the Court of Appeal. It will be remembered that after the death of the late Purcell, two wills were presented to the Court. One was prepared by D. B. MacLennan, of Cornwall, Ontario, and the other by the late Purcell, who was prepared by M. O'Connell, of Ottawa, and was valued at \$100,000. The will of the late Purcell was the one which was presented to the Court. The Court of Appeal, in its decision, held that the will of the late Purcell was the one which was presented to the Court. **WALL PAPER I**

THE FALL is slowly but surely taking precedence over the spring as a house cleaning season, particularly in the Wall Paper line. The old way of papering in the spring and in the spring only is fast becoming a thing of the past.

People recognize the fact that by papering in the fall the home offers greater attractions during the winter days and nights—when Christmas comes and the holiday season is at hand, your cozy, cheerful rooms help you to welcome the loved ones who have returned for a visit to the old home.

Then, again, instead of having a regular yearly party, happy state of things all crowded into the annual house cleaning of spring time, why not divide your work up some and give to the fall season part of the work which you have hitherto allowed to worry you during April, May or June.

In order to induce you to make a change and paper NOW we will give you a genuine discount of 10 per cent. off all Wall Paper purchases for the next 30 days.

## HELPLESS AND HOPELESS

TWO YEARS OF THE MOST INTENSE SUFFERING.

Mrs. W. H. Cope, of Fort Stanley, suffers from Malaria Fever, followed by Chills.

Her friends despaired of her recovery, and a cure seemed almost impossible.

There was no hope.

From the St. Thomas Journal.

One of the happiest couples in the county of Elgin are Mr. and Mrs. John W. Cope, who live in the house at the tollgate, on the London and Fort Stanley road.

The cause of their joint happiness is that Mrs. Cope, who for three years has been a sufferer, and whose recovery was regarded as impossible, has been completely cured by Dr. Williams' Pink Pills for Pale People, after a number of physicians and many remedies had failed.

The many reports of the marvellous cures effected by the use of Dr. Williams' Pink Pills in different places, are so well authenticated, as to leave no doubt as to the absolute truth of all that has been claimed for them.

If, however, further proof is wanted, it is furnished by the wonderful, almost miraculous cure of Mrs. Margaret Cope. Hearing of this remarkable cure, a Journal representative was detailed to investigate it.

The lady, who is sixty-four years of age, was found engaged in her home work, evidently as well as she had ever been, and as active as any woman in her half her age.

"Yes, I was completely cured by Dr. Williams' Pink Pills," she said, "and I will reply to the reporter's query, that I will be pleased to give you all the facts in regard to my case, in the hope that they may be of service to some other sufferer who is troubled with the same complaint."

She then related the history of her illness. In August or September, 1890, when they were living in Tilsonburg, 1890, when she was like water, and she recovered from the fever my limbs began to swell. They continued to swell for nearly a year. Two years ago, red, sore eruptions, the size of a big penny, broke out on each ankle. A Tilsonburg physician was called in and attended me for more than three months, but I grew worse and worse. Those spots itched and burned and caused me intense pain. He finally told me that nothing could be done for me as my age was against me, and that I could not live long. Then I tried medicine given me by a Tilsonburg druggist, but to no avail. A year ago last fall we moved to the tollgate house. The sore kept growing more and more painful and kept getting larger. I tried everything that anyone recommended but nothing did me any good, and every one who saw me was of the opinion that I could not get better. A physician from Fort Stanley, Dr. Williams, was then called in and treated me for about four months. He said he had never seen anything like my case in the whole course of his practice, and said the sores were unusual. At this time the sores began to completely ring around my ankle and up the leg for about four inches. The effusion from the sores was like water, and there were four heavy cloths rolled around them, which would soon get wet, and the water would run down into my slippers. The burning, stinging and twitching was sometimes unbearable and I could not sleep at night from the intense pain, and could not keep the bed clothes on my limbs because of the burning sensation. The longer the physician attended me the worse I seemed to become. Then my son sent for another doctor. He did not say what was the matter, but that I could not be cured. As this time my husband strongly urged me to take Dr. Williams' Pink Pills, and although utterly discouraged I began taking them in Nov., 1892. After I had taken four boxes the stinging pain began to subside and the effusion of water ceased. I continued taking the Pink Pills until I had taken twelve boxes, and as you now see, I am entirely cured. I have not taken any pills since last April, and my health was never better than it is now. I can stand work better than I could for years before I took it, and feel like a new woman. I went down to Tilsonburg on a visit recently and my children and old friends said they could hardly credit that I was cured, but it is a joyful fact nevertheless."

Mrs. Cope was present during the interview with the wife and said: "I know that every word my wife has said is true, and both of us are prepared to make affidavit to the truth at any time. She suffered so much with the stinging pain, and the water would go away, and had little hope that she would be cured. You may be certain that we are profoundly grateful for this wonderful remedy, and that we never lose an opportunity to say a good word for it. It has brought me my health and strength after everything else had failed, and we have reason to be deeply thankful."

# McCarthy HAS A NEW PLANK

ANTI-PROHIBITION NOW A PART OF HIS CAMPAIGN.

Dr. W. H. Cope, of Fort Stanley, suffers from Malaria Fever, followed by Chills.

His friends despaired of her recovery, and a cure seemed almost impossible.

There was no hope.

From the St. Thomas Journal.

One of the happiest couples in the county of Elgin are Mr. and Mrs. John W. Cope, who live in the house at the tollgate, on the London and Fort Stanley road.

The cause of their joint happiness is that Mrs. Cope, who for three years has been a sufferer, and whose recovery was regarded as impossible, has been completely cured by Dr. Williams' Pink Pills for Pale People, after a number of physicians and many remedies had failed.

The many reports of the marvellous cures effected by the use of Dr. Williams' Pink Pills in different places, are so well authenticated, as to leave no doubt as to the absolute truth of all that has been claimed for them.

If, however, further proof is wanted, it is furnished by the wonderful, almost miraculous cure of Mrs. Margaret Cope. Hearing of this remarkable cure, a Journal representative was detailed to investigate it.

## CLASH MEET HIS MATCH

Held by Kitchener, of Toronto - The Four-handed Game.

The fourth match between Frank Claus, of Tyndinaga, and John Kitchener, of Toronto, held at the corner of 10th and 11th streets, for \$100 a side - which was begun yesterday was concluded shortly after noon to-day. It was a scabrous contest and both men did brilliant work at times, but Kitchener was the stronger.

The first game was concluded at 4:30 yesterday after four hours' play. Kitchener won by the score of 61 to 59. The second game was soon commenced, and the Toronto man took a strong lead, and when dark came on a cessation of play for the day. The score was 21 to 15 in his favor. The lead he increased this morning, being at one time 10 ahead. By very fine play Claus pulled this down to 7, but he could never get up and was finally beaten 13 shots, the score being 61 to 47 at the close.

Although seven, Claus was by no means disgraced. The four-handed match between Messrs. Williamson and Shephard of Toronto, against Morton and Claus, was called off, as Mr. Shephard was obliged to go home this afternoon, and in any event the catch could not have been finished to-day.

Dear Sir: - Mr. Atkinson has been drawn to a notice published in the daily papers and by posters, which is likely to mislead through the Messrs. Dear Sir: - I see in last night's paper an advertisement of the Ontario Business College, in which the proprietor says that for the sum of \$3.00 a four months' course of instruction can be had, and also a six months' membership in the Y.M.C.A. with the use of the gymnasium. It is intended to convey the impression that there has been an arrangement made with the direct of the Y.M.C.A. I wish to correct the above, as no such arrangement has been made, and further Messrs. ## PATRONS OF INDUSTRY.

THEIR AIMS AND OBJECTS DISCUSSED IN PUBLIC.

Their Meeting Recently Attended - Several of their Leading Officers made Speeches - Mr. Northrup, M.P., also took part.

The Patrons of Industry held a public meeting in the City Hall last evening, there being a rather small attendance.

Mr. J. M. Farley occupied the chair. In calling the meeting to order, the chair- man said that great benefits could be derived by the farmers if they voted uniformly; they never had had their just rights. The manufacturers had combined, under Government protection, and made their own prices for goods, which could be bought at great deal cheaper in the United States - and if the farmers would stand together, they could effect a reformation that would break the combine. He called upon Mr. Owen, of Prince Edward.

Mr. Owen stated that the Patrons of Industry intended to work in the interests of the workingman, not against them, as he had heard many were given to understand. He had always been a Conservative and had served in the County Council. He was a candidate for the Legislature on the Patrons of Industry ticket. He believed that the country was debilitated to death, that there were too many men in our Government doing large salaries and doing merely nothing, and that one man for each township and incorporated village was enough in a County Council. He demanded the superannuation system and said if they paid their servants they should hire them and that the Patrons would, successful, compel Sir Oliver Mowat to allow the people to select Sheriffs, Deputy Sheriffs, License Inspectors, etc., where places became vacant.

The chairman at this juncture called upon Mr. W. B. Northrup, M.P., who was in the audience, to come upon the platform. Grand Master Wilson was the next speaker. He contended that the Patrons of Industry were misunderstood, that the main plank in their platform was to buy their goods where they could get them the cheapest - every man had a right to do so. The country was not in as deep a state of blue ruin as the Reform press painted it. It was in any way prosperous. What the country wanted and what was one of their objects was rigid economy in every department of public service, and the cutting down of the military expenses, which was of no use as a defence. Money was not as plentiful now as it used to be. \$700,000 was thrown away annually in the keeping up of the North-West mounted police force, for which we now had no need. Mr. Wilson stated that the abolition of the Canadian Senate was another great aim of the society. The Moral Government Movement, had good points, but many bad ones. The speaker, after discussing the various points in favor of the organization, came down to another clause in their policy, viz., "Tariff for revenue only, and as adjusted as to fall on the luxuries and not upon the necessities of life," and dealt with the duty on coal, oil, hardware, war, iron, etc. Our Government, instead of being filled up by lawyers and manufacturers, should contain a number of farmers.

Mr. W. B. Northrup, M.P., on being called upon, said that he liked Mr. Owen's remarks, but that the idea of speaking but to learn. He said it would have been disastrous to criticize the speeches, being a guest. He was in sympathy with a number of clauses in the policy but not to all. The speaker said that he did not see why the farmer should monopolize the Patrons of Industry and the workingman be left out. One of the objects of the society was not in sympathy with "tariff for revenue only." He did not see the Canadian farmer and again, ever since 1878, demonstrated the fact that he did not want it. Mr. Northrup said that the Patrons were not to be confused with the manufacturers as much as in hitting the farmers themselves.

Mr. J. F. Tannan, President of the organization, then addressed the meeting at some length, dealing with the objects in some interesting manner.

The entertainment given last night by the Ancient Order of United Workmen was a very enjoyable and successful affair. The Oddfellows Hall, in which it was held, was full to overflowing. The programme was well carried out in every particular. Mr. Col. Campbell filled his part as accompanist with the mastery of the kind. Prof. and Miss Campbell played a duet, with a great deal of success. Miss Jessie Robertson's recitations were very fine, and brought down the house, her Scotch selection being particularly good. Mr. Walker was in splendid voice, and sang several pieces during the evening. Mr. J. Doyle, one of Belleville's favorites, had to respond to encores, and charmed the audience with his beautiful ballads. The choir, under the leadership of the majority of the audience with the excellent speaker, exemplifying the workings, aims and objects of the Order. Very few in the audience knew that Mr. Adams was a speaker, but his speech last night convinced every one of the fact. The Grand Lodge of this Order might do well to secure Mr. Adams as an organizer, and worker in connection therewith. Mr. Adams and his clever young sister, Miss Lillie, gave a very pretty piano duet and responded to the applause of the audience. The vocal selections of Prof. Campbell, Messrs. S. Roughton, Geo. Pearce and Chas. Vandervoort were particularly fine and called for encores. The programme was brought to a close, after Mr. Walbridge had said a few words of thanks to the ladies and gentlemen for their assistance, by singing the national anthem. The chairman, Mr. Geo. Donnelly, was in a very felicitous mood and made a capital chairman. He kept the audience in good humor by his many happy remarks. During the evening Mr. E. Felen, who has always taken such a deep and earnest interest in all matters pertaining to the society, was presented on behalf of the order by Mr. W. W. Adams, with a very handsome "Past Master's jewel." The presentation was made in a very pleasing and impressive way and was suitably replied to by Mr. Felen. The entertainment was certainly one of the best that has been held in Belleville for a long time.

## WHAT IT IS.

It is the best Soap in the world for every day use in laundry, kitchen, or bathroom. It is the most wonderful discovery of the Nineteenth Century. It has no equal for washing flannels. It is perfection for washing laces and cottons. It is especially good for kitchen use. It is superb for the bath and toilet, making the skin beautifully soft and clear.

## WIDE AWAKE!

## THE BEST IN THE WORLD. SOAP.

## WHAT IT IS NOT.

It is not a combination of ingredients that will destroy the clothes washed with it and burn the hands when using it. It will not cause flannels to shrink. It will not destroy the color in printed goods. It will not make white goods yellow. It will not destroy lace curtains. It is not put up in small cakes to deceive the public, but is a mammoth bar of pure soap.

## WHAT IT WILL DO.

It will restore your blankets and flannels to their naturally soft state, as it contains an ingredient especially adapted for this purpose. It will make your white clothes whiter and your printed goods brighter than ever before. It will make your lace curtains beautifully clear, without eating holes in them. It will heal your hands, if chapped, and make them soft and smooth.

## HOW TO USE IT.

This wonderful Soap can be used in any way you wish, either in hot or cold, hard or soft water, as it contains ingredients suitable for all kinds of washing, combined in such a way that they act upon the materials washed with it, immediately removing the dirt without injuring the fabric.

Be sure you do not use any washing compounds with this Soap or you will destroy its effects.

Millions of Women use it for all purposes Laundry and Household and find it a great comfort and labor.

Very Valuable. Having used B. B. for biliousness and torpid liver with the very best results, I would recommend it to all thus troubled. The medicine is worth its weight in gold. **TILLIE WITTE, Manitowish, Ont.**

Valuable To Know. CONSUMPTION may be more easily prevented than cured. The irritating and harassing cough will be greatly relieved by the use of Hagar's Pectoral Balsam, that cures coughs, colds, bronchitis, and all pulmonary troubles.

The Medicine for Coughs and Croup. — Mr. Victor Anger, Ottawa, writes: "I take great pleasure in recommending to the general public Hagar's Pectoral Balsam, as a cure for Croup and Coughs of infants. I have used it for the last three years with leading physicians, and have taken many medicines which were recommended to me without relief, but after taking eight of Hagar's Pectoral Balsam I was quite relieved, and now I feel as fit as ever, as I was before I was troubled."

It is not so much the being exempt from failure, as the having overcome them, that is an advantage to us.

This is especially an age of skepticism, but there is one point upon which it is acquiesced with the majority, namely that Dr. Hagar's Pectoral Balsam is a medicine which can be relied upon to cure a cough, remove pain, heal a sore of various kinds, and benefit and cure a great portion of the body to which it is applied.

One is not sufficiently fortified against a doctor when only acquainted with its weak sides.

## A MILLION DOLLAR FIRE.

Several Men Injured in a Dramatic Fire at Pittsburgh.

Pittsburgh, Oct. 28.—Shortly after 1 o'clock yesterday the entire fire department of the city was summoned to 11th and Duquesne. The immense building owned and occupied by the Chautauque Lake Ice Company and the Pittsburgh Storage Company occupied a space of 300 by 100 feet of brick and stone, seven stories, or 90 feet in height, was ablaze. Edward Spies, an employee, discovered the fire and gave the alarm. He was working on the fourth floor. Almost instantly he was enveloped in the flames and, although he attempted to escape, was driven back to a window 50 feet from the ground, through which he made his escape. He crept out on the narrow sill and, dropping down, hung by his hands until rescued by the ladder men of Frank A. Hinds, arms and face were literally roasted.

At 2:30 o'clock the four upper stories of the Thirtieth-street wall fell outward, burying the street to the depth of 10 feet, and crushing the house of John Glenn on the opposite side of the street. On the ground floor of the warehouse were five loaded freight cars. Just before the crash they were drawn, all burning, to a place of safety. Of all the hundreds of thousands of dollars worth of property stored in the building those five cars were all that was saved.

A number of narrow escapes were made by employees in the storage building. The injured were: T. J. Helmes, who dropped from a third floor window to the alley, his injuries are fatal; Martin Griffith, badly burned, hung from a window until rescued by the firemen; Edward Spies, burned about head, hands and arms, may not recover; William Cox, also rescued from the third floor by firemen, badly burned; William Smith, burned about face and body; Frank McCann of Engine Company No. 7, struck by falling walls, leg fractured. A number of people were knocked down and trampled upon when the crowd of spectators surged back at the time the walls fell.

G.T.R. SHAREHOLDERS MEET.

Stratford to Get the Workshops—New Niagara Bridge.

LONDON, Oct. 28.—A meeting of the shareholders of the Grand Trunk Railway was held here yesterday. Every thing passed off very quietly. Sir Henry Tyler presented a report which was adopted. The president stated that it was possible the works of the company in Ontario would be constructed at Stratford. One result of his recent inspection of the line in Canada is the recommendation that a single arch bridge be built across the Niagara river at this point. His report glowingly to the future of Canada.

The State of Trade.

New York, Oct. 28.—Bradstreet's today will say:

Toronto's wholesale business is quiet, the only sign of improvement in grain.

The volume of trade at Montreal is small, as at this time last year, all lines reporting a moderate inquiry.

At Halifax collections are slow but improving, with general trade unchanged.

Bank clearings at Toronto, Montreal and Quebec aggregate \$18,200,000 this week, a decrease of 2 per cent this week and 6 per cent from the total in the week a year ago. There are 28 business failures reported in the Dominion of Canada this week, against 34 last week, 33 the week a year ago and 33 two years ago.

A Dinner Party.—Many people suffer extraneous agony after partaking of a heavy dinner. The food partaken of is like a ball of lead upon the stomach, and no end of boring and chafing edginess it imposes upon the system. Mr. Hagar's Vegetable Bile Beans are wonderful remedies of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with fullness or dyspepsia.

Time flies, flowers fade, the body declines, time is immortal.

## AMONG THE CHURCHES.

NOTES OF SUNDAY SERVICES IN THE CITY.

A New Sermon in Scotland—A Methodist Minister's Interpretation of the Bible.

Rev. D. O. Gieseler preached an anniversary sermon at Glasgow yesterday.

Rev. Mr. Welch, of Ottawa, preached at both services in the Tabernacle yesterday.

Rev. Edmund Hooton, killed in Montreal, was in charge of the Methodist congregation in Kingston in the forenoon.

Capt. McIlwain and wife are in command of the Salvation army at Deseronto; Capt. Gannon, and Lieut. Craig at Kingston.

Rev. S. D. Dyer, the Rector, officiated at Christ Church yesterday.

He preached excellent sermons at morning and evening services.

The Sabbath School Association of Ontario appointed Rev. J. McEwen, Lakeview, as permanent normal teacher, at a salary of \$1,000 a year.

The Rev. D. M. Morden, son of David Morden, of Hull, was married in Montreal last week. He has located as pastor of a Presbyterian church in Minnesota.

Hereafter the Sabbath School convention for Ontario will occur the second week in November. Next year the Association meets in London.

St. Thomas ministers object to attending Sunday fairs and have handed their protest into an association to bring the position down.

Rev. M. W. Macdonald addressed a large gathering of young men in the Y. M. C. A. room yesterday afternoon at 4:15.

His address was full of sound, practical advice and was listened to with much interest.

Within the Rev. Mr. Ford, of Windsor, was president at a meeting of the Christian Endeavour in the Methodist church, he was called away three times and each time before he had returned he had made a couple man and wife.

Last three people in Scotland form the latest sect. The mother of the banishing is the Free Church of Scotland. The reason of the secession is chiefly an inveterate objection to hymns and organs, they were everywhere. Therefore they have formed a new church. It consists of two Macdonalds and one Macdonald—two ministers and one one.

A very large and appreciative congregation assembled in the John St. Presbyterian church last evening, and listened intently to the eloquent sermon by the pastor, Rev. J. L. George, and much enjoyed the services of praise previously announced. The singing by the choir was of the highest order and the congregation joined heartily in well-known hymns of praise.

Saturday was the festival of St. Simon and St. Jude. It is only in the calendar that the two apostles are commemorated on the same day. They appear to have been of Cleophas or Alphaeus and nephews of Joseph, and hence are called brethren of our Lord—the word brethren being taken in a wider sense amongst Jews than with us. They are said to have ministered and suffered together. St. Simon has the sower as his symbol, and St. Jude the laborer, referring to their respective martyrdoms.

Yesterday the service in Bridge at church was held by the pastor, Rev. J. L. George, and much enjoyed the services of praise previously announced. The singing by the choir was of the highest order and the congregation joined heartily in well-known hymns of praise.
